## What investments can I make in the IPS SIPP?

Any investment types detailed in this document that are traded on a stock exchange must be purchased and held by an investment manager/stockbroker on behalf of your SIPP. If you are unsure which investment types this applies to, please contact us.

The investment types named below are the allowable holdings within the SIPP:

- Investments held by an investment manager/stockbroker
- Fixed deposit accounts
- Insurance company managed funds and unit linked funds
- Investment grade gold bullion

Please note that these types of investments may require you to be following financial advice in order to purchase them. Please see the Complex Investments section below for more information.

- Unit trusts and OEICS
- Investment plans
- Structured products

### Commercial property

Please note that borrowing by the SIPP is only permitted in connection with a commercial property purchase. Please read the commercial property guides on our website or contact our **Property Team** for further information on holding commercial property within your SIPP.

### Specialist investments

Please note that **new** Specialist Investments purchases are not allowed, only top-ups. Please see the 'Investments allowed under certain circumstances' section for details.

Please check the investment definitions section of this document to help you and your adviser to consider which of these investment types would be suitable for you.

## Investments allowed under certain circumstances

If you already hold one of these types of investments in your IPS SIPP, you may be able to make additional investments (top ups) into the same investment. This would be allowed subject to our review and requirements in place at the time you request to top up your investment.

**New investments (other than top ups) are no longer permitted into these types of specialist investments.**

- Non-Mainstream Pooled Investments (NMPs) including Unregulated Collective Investment Schemes (including Overseas UCIS) and similar vehicles
- Pooled investment vehicles and syndicates that invest directly or indirectly in taxable property (being residential property or tangible moveable property) where the member cannot influence or control the investment (known as 'Genuinely Diverse Commercial Vehicles').
- Shares in unquoted private companies (both UK and overseas)
- External bank accounts with no fixed term or fixed rate, such as current accounts or access accounts (not technically defined as specialist investments)

If you wish to top up an existing specialist investment, please read our Specialist Investments (Non-Standard Investments) Guide, available from our website at [www.jameshay.co.uk](http://www.jameshay.co.uk).

## Complex Products

We will only allow you to invest in Complex Products if you have received advice from a regulated financial adviser in respect of the proposed investment.

Under regulations, there is no definition of Complex Products. However, the regulations define Non-Complex Products as follows:

- Units/shares in a UCITS qualifying Collective Investment Scheme;
- Shares, bonds and other forms of securitised debt admitted to trading on a trading venue;
- Structured deposits;
- Money market instruments; and
- Other products that meet certain criteria, including:
  - having frequent opportunities to trade at publicly available prices,
  - do not involve potential liability that exceeds the original investment,
  - do not include exit charges that have the effect of making the investment illiquid, and
  - where adequate comprehensive information on the investment is publicly available and likely to be readily understood by the average retail client.

Complex Products are therefore anything that is outside of this definition of Non-Complex products. Broadly speaking, Complex Products are investments involving derivatives or where the opportunity to sell is infrequent.

**If you are investing without having received financial advice and are unsure if your proposed investment is a Complex Product, please ask the investment provider.**
