Guide to the transfer process	1
Transfer Discharge Form	4

Guide to the transfer process

The assets and investments held in your James Hay SIPP can be transferred to another UK registered pension scheme, or a qualifying recognised overseas pension scheme (QROPS) - the pension scheme to which you make the transfer is known as the 'receiving scheme'. The transfer to the receiving scheme can be made as a cash payment or in some cases, by re-registering investments (known as an in-specie transfer). It is also possible to transfer only part of the value of your SIPP, though this may depend on the level of pension benefits (if any) you are currently taking.

We strongly suggest that before proceeding you seek advice from a regulated financial adviser with regard to the options available. If you do not have a financial adviser, you can find a list of financial advisers in your local area at www.unbiased.co.uk, or by calling them on 0800 023 6868.

Full cash transfers

In order to transfer your SIPP as cash to another pension provider, all of the investments held within your SIPP will need to be sold, and any outstanding charges settled, before the payment can be sent to the receiving scheme.

In order to instruct a full cash transfer, you can:

- complete and return the enclosed 'Transfer Discharge Form', or
- ask your new pension provider to submit a request to James Hay via Origo Options, if they use this service. Please note this option is not available for the IPS Pension Builder SIPP.

Please note that we must have a disinvestment instruction, and any other documentation as stated on the enclosed 'Transfer Discharge Form', within six months of receipt of the transfer request, in order to proceed. If all required documents are not received within this time scale, the transfer will be cancelled.

Please read the Charges Schedule for your SIPP product to understand the charges that are applicable to this process.

In-specie transfers

It may be possible to transfer the investments in your SIPP to the receiving scheme in their current form, without having to sell them. This is known as an in-specie transfer.

Not all investments can be transferred in-specie, therefore you must check with the fund provider and the receiving scheme before instructing us to transfer your SIPP.

Property

Property held within your SIPP can also be transferred in-specie. Please note that we will not commence the transfer of any other investments or cash until the property has been successfully transferred.

When transferring a property, solicitors will need to be instructed on our behalf, and this must be a different firm from those appointed by the receiving scheme. If the property within your SIPP is subject to a mortgage, this will need to be discharged before the transfer can be completed.

Please note that a property transfer out charge is applicable for each property transfer. Please read the Charges Schedule for your SIPP for more information.

Transfer of a SIPP in capped or flexi-access drawdown

If your whole SIPP is crystallised (i.e. paying pension benefits), then the full value of your SIPP must be transferred to the receiving scheme. If there are uncrystallised funds within your SIPP, then you can choose to transfer all, or only a part, of those uncrystallised funds to the receiving scheme.

While there is a sufficient balance in your SIPP bank account, we will continue to pay any scheduled income payments to you during the transfer process. As the transfer process can take time to complete, you may wish to review your current income withdrawal levels and disinvestments before submitting a request to transfer a SIPP that is currently paying pension benefits.

Partial transfers

It is possible to transfer only part of your SIPP to another pension provider, should you wish to do so.

Please note that HM Revenue & Customs (HMRC) regulations do not permit a partial transfer of income drawdown plans, so the full value of any arrangements that are in drawdown must be transferred to the new provider.

Any arrangements not in income drawdown can be transferred separately.

If you wish to proceed with a partial transfer, please ask the receiving scheme to request this from us.

Transferring to a QROPS

If you wish to transfer your SIPP to a qualifying recognised overseas pension scheme (QROPS), please refer to the HMRC guidance on transferring to a QROPS at www.gov.uk/transferring-your-pension/transferring-to-an-overseas-pension-scheme.

When you wish to proceed, you should complete our 'Transfer Out Request Overseas Supplement' form as well as the 'Transfer Discharge Form' below. This is available on request or from our website www.jameshay.co.uk.

Please note that we are required to carry out certain checks on any QROPS. Therefore we will contact the QROPS provider for information on their scheme, before agreeing to the transfer.

Our transfer process

Cash transfers

On receipt of a completed request, we will complete our due diligence checks, issue disinvestment instructions to the relevant fund providers and investment managers/stockbrokers, in accordance with our 'Order Transmission Policy'.

The disinvestment instructions will include a disclaimer that the investment manager/stockbroker will need to complete and return to us, confirming that the account is closed, before we can proceed with the transfer.

Please note that we cannot be held responsible for any liabilities, costs, expenses, damages and/or losses incurred by you arising out of, or in connection with, any delay in your investment manager/stockbroker returning the completed disclaimer.

Once all money has been returned to the SIPP bank account, any charges that are due will be deducted before the balance is sent to the receiving scheme. Your SIPP will then be closed unless your instructions indicate otherwise. Please note that you will continue to be liable to pay certain charges if the SIPP is not closed.

In-specie transfers

On receipt of a completed request, we will conduct due diligence checks, cancel any regular investment centre sales, and liaise with the receiving scheme to arrange the re-registration of any investments that are being transferred in-specie.

In order to re-register certain funds, we may be required to convert the share class of your James Hay Investment Centre holdings prior to transfer. We will work with the receiving scheme to achieve this, so that you may not have to sell the funds that you wish to transfer in-specie.

Once the investments have been successfully transferred in-specie, we will forward any cash remaining in your SIPP bank account to the receiving scheme, after outstanding charges have been deducted, before closing your SIPP, unless otherwise instructed.

Cash and in-specie transfers

If you request to transfer to another provider using a combined cash and in-specie transfer, we will only issue sale instructions to the relevant investment provider once the in-specie transfer of the other investments is complete. This ensures cash is not held out of the market whilst the in-specie transfer is ongoing.

On receipt of the sale proceeds, we will forward all cash remaining in your SIPP bank account to the new provider, after deducting any outstanding charges. Your SIPP will then be closed.

General

The transfer process can take time to complete, as we are reliant on third parties for part of the process. We are therefore unable to guarantee that any transfer to a receiving scheme will be completed by a specific deadline.

As we are not the administrators of your assets, we are unable to provide you with information regarding the liquidity of any assets, details of any exit charges, or the timing of any sales. We recommend that you obtain this information from your financial adviser or the fund managers directly before submitting your transfer request to us.

Charges

Details of the charges payable for transferring your SIPP away from us are available in the Charges Schedule applicable to your SIPP.

Any outstanding charges that are due to us will be settled using money held in your SIPP bank account before the transfer is completed.

Fund providers and investment managers may also take an administration or policy charge to sell investments or transfer them in-specie. Details of these charges will be available from the fund provider or investment manager directly.

We will only facilitate adviser charge payments in line with the signed adviser charges agreement. As a result, we will not pay ongoing adviser charges on a pro rata basis for the period between the last payment and the date of transfer out. In this scenario, you must agree an alternative arrangement with your adviser for any charges which may be due.

Downloadable versions of the required documents are available on our website at www.jameshay.co.uk. These can also be obtained by using the contact details below.

If you have any queries regarding the transfer process, please contact us on 03333 206 181, or 03333 205 862 for IPS Pension Builder SIPPs.

Scam awareness

Please be wary of any unsolicited approach offering upfront cash incentives or loans from your pension. It is not possible to access pension funds before the age of 55 (except in rare circumstances). To do so is likely to result in serious tax consequences.

Look out for:

- a cold call, text message, email, website pop-up or someone coming to your door offering you a 'free pension review', 'one-off investment opportunity' or 'legal loophole'. Cold-calling is illegal, and is likely to be part of a scam, as legitimate companies do not search for new customers in this way.
- convincing marketing materials that promise you high returns on your investment. If it sounds too good to be true, it probably is.
- paperwork delivered to your door by courier that requires immediate signature. Never be pressured into signing anything quickly. No reputable company will force you into signing anything without giving you the chance to think about it.
- a proposal to put your money in a single investment. Putting all your eggs into one basket is rarely a sound investment strategy. In most circumstances, financial advisers will suggest diversification of investments.
- an overseas transfer of funds. Once your money has left the UK it may be impossible to ever recover it.
- a request that you transfer money quickly because of a narrow opportunity to invest. No reputable investment company would ask you to do this.

For further information about how to avoid pension scams, please read the Financial Conduct Authority's Pension Scams leaflet and visit their website at www.fca.org.uk/scams for further information.

Investment Pathways

If you have not taken financial advice in relation to this request, you may not be fully aware of the options available to you when it comes to taking money out of your pension. The FCA's 'Investment Pathways' framework seeks to provide you with general investment strategies that align with how you intend to access your pension over the next five years.

To learn more about how Investment Pathways could work for you, you can use the [Investment Pathways Comparison Tool](https://www.moneyhelper.org.uk) hosted by MoneyHelper at www.moneyhelper.org.uk.

This guidance aims to make you aware of the drawdown choices you can make, and how your investment decisions can be tailored to fit with your financial goals.

Please note that James Hay does not provide financial advice, and does not offer Investment Pathways at this time; we would always suggest that you seek advice from a regulated financial adviser.

1b Reason for transfer

Applicant to complete

Are you requesting this transfer to another pension provider in order to pursue an Investment Pathway, as defined by the FCA?

Yes No

Are you requesting this transfer with the intention of making immediate withdrawals from your pension?

Yes No

If **Yes**, and we do not have evidence that you are following the advice of your financial adviser, please read and complete Section 1c and 1d. Otherwise, please continue to Section 2.

Please only complete this section if you are not following regulated financial advice and are transferring with the intention of immediately accessing pension benefits.

Our regulator requires us to ask you questions regarding matters you should have considered before accessing your SIPP through drawdown.

Depending on your answers, we will either:

- write to you with tailored risk warnings, giving you 14 days to consider them before proceeding with processing your request to transfer; or
- proceed with your transfer request where you appear to have considered the relevant risks.

Please answer ALL of the following questions:

1. Have you considered the state of your health and lifestyle when deciding the amount of money to take from your pension? For example if you are in good health, you need to consider that the income from your pension fund may need to support you for many years to come. Yes No
2. If you have a spouse, civil partner or dependants, have you considered how your pension fund could be used to provide for them after your death? Yes No
3. Over time, the effect of inflation means you can purchase less in the future than you can today with the same amount of money. Have you considered the effect of inflation on any money you take out of your pension? Yes No
4. You should consider what other companies can offer you, to ensure you are happy with the options available from James Hay and the charges payable, before proceeding. Have you considered alternative pension companies to take money out of your pension with? Yes No
5. Have you considered other ways of taking money from your pension other than income drawdown e.g. an annuity? If you are not sure what other options are available to you, you can find more information in the 'Your pension; your choices' leaflet available from www.jameshay.co.uk. Yes No
6. Do you have other income sources (outside of the money you intend to take from your pension) that are sufficient to currently provide you with your desired standard of living? Yes No
7. Will the money you are taking from your pension fund be your sole or main source of wealth in retirement? Yes No
8. Do you know that your drawdown income will be paid after deduction of income tax, and that it may affect your personal tax allowance? Yes No
9. Are you aware that if you put the money you take out of your pension in a bank, or buy other investments with it, you may have to pay tax on any growth? Yes No
10. Are you aware that once money has been taken out of your pension it becomes part of your estate for inheritance tax purposes? Yes No
11. Do you receive any means tested benefits from the Government? Yes No
12. Are you taking money out of your pension through flexi-access drawdown and intending to pay more money into your pension in the future? Yes No
13. Do you know that if you owe money to a creditor (e.g. via a personal loan) they cannot force you to take money out of your pension to pay off any money you owe to them? Yes No
14. Fraudsters increasingly target people to move their pension fund, and target them once they have taken money out of their pension. You need to be careful when deciding where to invest your pension fund, and what you do with any money taken from it, as you could lose some or all of your money if you are the victim of a scam. Please read the FCA's **Pension Scams leaflet** and visit their website at www.fca.org.uk/scamsmart for further information. Are you aware that pension and investment scams exist and what to look out for? Yes No
15. Are you aware that the amount of money you can take from your pension fund via income drawdown is not guaranteed and is based on a number of things? Yes No
