Dear Title Surname

**Client name:** Title Forenames Surname

**Client number:** XXXXX

I'm pleased to tell you about some exciting changes we're making to help your cash work harder for you. We're able to do this because we're now part of a larger platform group, following our acquisition of Nucleus Financial. We're using our new scale to invest in providing you with new benefits, with more to come in the months and years ahead.

**Sharing the benefit of active cash management**

Within your SIPP is a facility to hold cash. While interest rates were low, we retained any interest earned in order to keep our charges as low as possible.

However, with interest rates rising we've reviewed our position and **you'll start to earn interest on your cash balance** from 1 July 2023, with the first monthly payment credited to your account mid-August.

The interest rate will be variable and based on the amount of interest we earn on cash balances. We'll retain the first 1% and share all remaining interest with you 50/50. At present, we expect the rate payable to you to be in excess of 1.5%, although this is dependent on market rates at the time.

Should interest rates rise, we expect to generate more interest and you'll therefore earn more.

Earned interest rate	% of earned interest rate paid to customers
0.00% - 1.00%	No interest paid
Over 1.00%	50% of interest paid above the 1% retained

We only deposit platform cash with banks which are authorised by the Prudential Regulation Authority, regulated by the Financial Conduct Authority and Prudential Regulation Authority, and are covered by the Financial Services Compensation Scheme (FSCS).

**Ensuring you have options to make your cash work harder**

We don't recommend our customers hold large balances of cash for long periods of time in product bank accounts, but if you want your spare cash to work harder in the medium to long term, we offer access to specific products with attractive rates of return via our cash panel.

This summer we're going to be partnering with Bondsmith to **significantly expand our cash panel**. Through them, we'll provide access to a far wider range of competitive fixed term deposit and notice accounts.

These new accounts will have a **lower minimum deposit amount**, compared with those previously available, to provide greater flexibility and enable more customers to benefit from them. Where previously the minimum deposit was £25,000, going forward we'll have options that allow you to deposit £10,000 for most fixed term accounts (some may be as low as £1,000) and £1 for notice accounts. Please note that minimum deposits may vary between banks.

We're delighted that our enhanced cash panel will offer competitive and improved rates from a wider selection of banks, and on a broader range of terms – from six months to five years. We encourage you to talk to a financial adviser if you think you may want to take advantage of it.
