5 Source of funds and wealth

The Anti-Money Laundering and Countering the Financing of Terrorism Code 2019 requires all Isle of Man Companies to take 'reasonable measures to establish the source of the wealth of a customer' where any business is identified as high risk. Source of wealth is defined as the 'origin of a customer's entire body of wealth and includes the total assets of the customer'. This reflects the Isle of Man's commitment to maintain the highest possible standards of business practice and to counter money laundering and the financing of terrorism.

RL360 has adopted a risk-based approach to meet these regulations, categorising the product and countries that they will accept business from into Standard or Higher risk. They have categorised countries according to their level of compliance with international regulatory standards.

Full details on the source of funds procedures can be obtained from your financial adviser or can be downloaded from www.rl360wrap.com.

If you are funding your Wrap Offshore Bond from a bank account that is not in the United Kingdom, Channel Islands or Isle of Man, please refer to the above mentioned documentation for further guidance.

In order for RL360 to comply with its obligations under the Isle of Man's Anti-Money Laundering and Countering the Financing of Terrorism Code 2019, you must answer the following questions fully.
